4

This cat likes to look at me.

5

This cat likes to lay down for a nap.

6

This cat is special. He's my cat!

7

Note from the author:

One day when my husband and I came home, we found five little kittens in our yard. When their mama left them, we took care of them. Two of the kittens decided to become house cats and walked right into our house. One of them is an orange cat that we call Milky Mew. This story is for him. He's a very special cat!
