

Plural Play

(Tune: London Bridges)

Cherry Carl

Drop the y for ies,
ies,
ies.

Drop the y for ies,
To make it plural!

Fries is always more than one.

It could be

Two or three!

We dropped the y in **French fry**

To make it plural!

Memories is more than one.

We've just begun

To have some fun.

We dropped the y in **memory**

To make it plural!
